Hello, my name is Matt, I live in eastern Nebraska and came across KLOVE about 2 years ago. Since then they have helped me to grow in the Lord and its a great way to reach out to others! KLOVE is all I listen to on my radio. Its on all the time!! I think that if KLOVE was replaced by LPFM it would seriously hurt my community. I know a lot of people who listen to KLOVE on a regular basis. KLOVE is a light in todays world, there is so much depressing and or negative things on radio today. KLOVE truly is positive and encouraging. No matter what it safe for anyone who listens, all ages!! Please don't switch to LPFM, hundreds of thousands people are listening evey day, getting the word of the Lord through public radio. Please don't switch to LPFM. The world needs KLOVE and so do I. Thank You.
